

Project Design Phase-I Solution Architecture

Date	06 May 2023
Team ID	NM2023TMID01052
Project Name	Project- AI Enabled Car Parking using Open CV
Maximum Mark	4 Marks

Solution Architecture:

Solution architecture refers to the process of designing and planning the overall technical solution for a particular business problem or requirement. It involves understanding the business goals and objectives, assessing the current technology landscape, identifying gaps and areas for improvement, and designing a solution that meets the specific needs of the organization.
